

# CORSVIEW IS A 3-WEEK TRIP WHERE WE WILL GET TO KNOW ABOUT THE SPACE AND DO FUN ACTIVITIES.

## WHAT IS CORSVIEW?

In the Chorsview program, we will invite the students from all over the world to the 3 best places for skygazing.

Each place will be located in a different continent. The places would either be a hilly area or an open patch of land where you will be living in tents.

In the Corsview program, we will invite the students from all over the world to the 3 best places for skygazing. Each place will be located in a different continent. The places would either be a hilly area or an open patch of land where you will be living in tents.

## #1

In the camps we will teach you different things that you can see in the sky. There would be moons, planets, stars, etc. We will teach you how to find a constellation, different types of constellations, the black hole, galaxies, etc

## #2

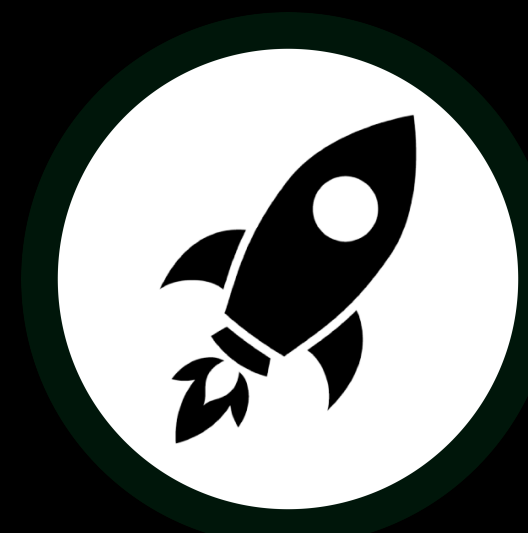

There would be many fun activities, some hunts where you will be given coordinates or hints and you have to find the hidden objects. You will be asked to point out constellations. We will show you different planets, ask you to find one, etc.

## #3

There would be many fun activities, some hunts where you will be given coordinates or hints and you have to find the hidden objects. You will be asked to point out constellations. We will show you different planets, ask you to find one, etc.

## #4

Once you have registered for the program, we will send you an email in a weeks time where you will get your airline tickets, group number and contact number of your group head. There would be a list of necessary equipment that you would be required for this trip.
